

CAREER OPPORTUNITY

## Study Abroad Counsellor with UNIVERSALIO

### WHO WE ARE

**UNIVERSALIO** is a personalised educational counselling service developed by **EDUCATIVA**. We offer information and specialised support to high-school and university students about the admission process to elite international higher education institutions around the world. In our activity, we rely on our vast knowledge of foreign education systems, on the personal expertise of our counsellors who have studied abroad, on a large network of international university contacts, on links with Romanian international students and alumni of foreign universities and on our past experience of managing youth-targeted events and activities.

We are a young and dynamic team in a continuously-improving work environment.

### THE OPPORTUNITY

As the volume and complexity of our activity increases every year, we are now looking for very enthusiastic and energetic young professionals to join our team in **Bucharest** as **Educational Counsellors**. The main goal of an educational counsellor is to help young Romanian students to access the right academic program at a top university. The counsellor's role will be to manage the individual application processes of the beneficiaries we work with (high-school and university students).

If selected, you will work directly with the UNIVERSALIO's team of Senior Educational Counsellors and will occasionally interact with other teams within EDUCATIVA, including the EDMUNDO and EDMERICA educational counsellors or the RIUF organizers.

Prior to beginning your activity you will be thoroughly trained about the specifics of international educational systems, the variety of academic options, requirements and procedures, costs & financing. You will also receive constant support from the more experienced members of the team, as well as tips and tricks for successfully performing your activity.

Curious about what the job is like? This is what our counsellors and applicants told us:
