

CAREER OPPORTUNITY

Study Abroad Counsellor with UNIVERSALIO

WHO WE ARE

UNIVERSALIO is a personalised educational counselling service developed by **EDUCATIVA**. We offer information and specialised support to high school and university students about the admission process to elite international higher education institutions around the world. In our activity, we rely on our vast knowledge of foreign education systems, on the personal expertise of our counsellors who have studied abroad, on a large network of international university contacts, on links with Romanian international students and alumni of foreign universities and on our past experience of managing youth-targeted events and activities.

We are a young and dynamic team in a continuously-improving work environment.

THE OPPORTUNITY

As the volume and complexity of our activity increases every year, we are now looking for enthusiastic and energetic young professionals to join our team in **Bucharest** as **Educational Counsellors**. The main goal of an educational counsellor is to mentor young Romanian students to access the right academic program at a top university. The counsellor's role will be to manage the individual application processes of the beneficiaries we work with (high school and university students).

If selected, you will work directly with the UNIVERSALIO's team of Senior Educational Counsellors and will occasionally interact with other teams within EDUCATIVA, including the EDMUNDO and EDMERICA educational counsellors or the RIUF organisers.

Prior to beginning your activity, you will be thoroughly trained about the specifics of international education systems, the variety of academic options, requirements and procedures, costs & financing. You will also receive constant support from the more experienced members of the team, as well as tips and tricks for successfully performing your activity.

Curious about what the job is like? This is what our counsellors and applicants told us:

WHAT YOU WILL LEARN

- Efficiently use complex information management tools
- Broaden your know-how about the international education market
- Develop specific competences in reviewing academic application files

CAREER OPPORTUNITY

Study Abroad Counsellor with UNIVERSALIO

ROLE AND RESPONSIBILITIES

- Offering personalised counselling to students about their study abroad opportunities.
- Assessing the students' eligibility and identifying the best study programmes for them.
- Managing applicants' personal information and efficiently tracking their specific status within the application process.
- Conducting relevant research on the admission process, reviewing all documentation needed for admission, providing feedback and preparing the applicants for university admission interviews.
- Presenting our services at education fairs, running high school workshops and answering parents' questions about the university admission process.
- Taking part in or initiating actions to help the team work more efficiently, reach more students and further develop our services.

OUR REQUIREMENTS

General outlook:

- **Graduate of an international university or experience of studying abroad**
- Self-motivated, ambitious and hard-working
- Positive-thinking, problem-solving mindset ("glass half-full" kind of person)
- Attention to detail (very important, please consider it seriously)
- Discipline to effectively take responsibility for tasks and meet the required deadlines

Skills:

- Proficiency in English, Romanian and preferably an additional language (ideally, German or French)
- Research, analysis and synthesis abilities
- Effective management of personal tasks and time constraints
- Communication and interpersonal skills
- Good knowledge of the Microsoft Office package (Word, Excel, Outlook)

Availability:

- We expect a full-time commitment from you, of at least 12 months.

Experience:

- You can demonstrate initiative, ability and significant results in previous professional activities or personal projects relevant for your interests.

SALARY, PERKS AND BENEFITS

- Competitive salary, performance bonuses
- Health insurance (Regina Maria)
- Flexible work policy
- Access to learning and self-development platforms such as MasterClass, Bookster, Mind Architect
- Learning opportunities provided by the HR department or the EDUCATIVA Group

APPLYING FOR THE ROLE

To apply, please **complete our online form** (<https://form.jotform.com/educativa/recrutare-universalio-2021>), including a **CV in English, no later than October 24th, 2021**. Applications will be processed as they are received, and we aim to conclude the selection process by the end of October. All applications will be considered and will receive an answer, whether positive or negative.

The evaluation process will consist of several stages: selected candidates will go through a phone mini-interview, a live or online interview with the management team and a short written task.
